## **ALL THE PRESIDENT'S MEN (1976)**

**Robert Redford, Dustin Hoffman, Jason Robards**

The true story of the reporters who "followed the money" to the White House

### **film and open discussion**

The thing that never fails to amaze me whenever I watch All The President's Men, and I've seen it several times now, is the way it manages to be a thriller without really being a thriller ... throughout the majority of its running time, there is an air of tension and feeling of danger running through it that you don't really shake off until the very last reel - even more remarkable in that we all know how this story ends! - Steve Grzesiak, letterboxd.com
